

Maggie is the pistol-grip locator of choice for all locating professionals

Maggie combines the best features of two flagship Schonstedt magnetic locator instruments: the sensitivity and precision of the **GA-52Cx**, and the single-handed operation of the **GA-92XT**.

Optimized for finding

- ▶ Survey Pins, Markers and Nails
- ▶ Water & Gas Valves
- ▶ Manhole Covers
- ▶ Other deep iron/steel objects

"I am an absolute fan of the Schonstedt. I try to get every surveyor I know to buy one. Mine has given me absolute stellar performance. I only wish all of the instruments and products I have purchased through the years for surveying actually lived up to my needs and expectations the way the Schonstedt does. Thanks again for a fine product, and for great customer service to boot!" —Arthur F. Seifert, Jr. P.L.S., Bell-Atlantic

- ▶ Highest sensitivity
- ▶ Ergonomic & durable
- ▶ Dust & water resistant (Rated IP54)
- ▶ Easy access battery removal
- ▶ Visual display shows +/- polarities & signal strength
- ▶ HeliFlux® sensors
- ▶ Padded case & sling included for ease of carrying through rough terrain, hands-free
- ▶ 7-year warranty

The MAGGIE comes standard with:

- Padded Carrying Case
- 9V Battery
